Eastwood Bulletin

FROM THE SONNY SIDE

This Might Be Something That Interests You

Saturday, September 24, at the Heritage Christian Spiritual Enrichment Conference at the Marriott Shoals Hotel and Conference Center, there will be a teaching session entitled, "Converting Your Youth Ministry To A Family Ministry." The speaker will be Brandon Presnell, from the Madison Church of Christ.

I would encourage all of the Eastwood leadership, and parents of all ages, to consider attending this session. I can't think of anything that would better help the ministry work with our youth at Eastwood. There is a \$20 registration fee. With this registration fee, you will be able to attend all sessions from Thursday to Saturday at the conference.

John Williams has been working with our youth for several months now, and the elders have given John a full-speed-ahead attitude with things that he and some of our youth are planning on doing.

It's still a ways off, but do keep in mind our homecoming, October 30. Charles Kretzer will be our homecoming guest speaker. It can, and will be, a great day if we all work toward having a great day with former members, family and friends.

It is not too early to begin to invite people. See you Sunday!

~~~~~  
9/11

Sunday will be the 10<sup>th</sup> anniversary of 9/11/2001. Generally we think of an anniversary as an enjoyable day to remember. 9/11 was a horrific day in the history of America. It changed all our lives in many ways.

As a nation, since that day, we tend to continuously look over our shoulders. It was a day that all of us, that were old enough to really understand what was happening, can tell without hesitation, where we were and what we were doing.

Truly a day of remembrance with sad and scary thoughts. How many of you were watching TV and saw the first plane? How many received a phone call and saw the second plane? How many tuned in all day and watched the news? How many cried? How many thought this might be the end of American freedom? How many went to a church building to pray with strangers? How many tried to explain to a small child what had happened, thinking this child may never know or understand about freedom lost that you had always taken for granted?

So many questions. Now ten years later, we remember. We reflect back. We still feel scared. We still can't grasp... why?
